

The Self-Paced eLearning PIH Mental Health Value Chain Course

A 5-hour asynchronous certificated course available on OnePIH's eLearning Platform hosted by Tovuti

WHAT IS A MENTAL HEALTH VALUE CHAIN

The [PIH Mental Health value chain](#)—a map of the care delivery system—describes key elements essential in the delivery of quality, high-value care for mental health patients. As a core component of the [PIH Mental Health Service Planning Matrix](#), the Value Chain supports planning and local implementation across PIH sites

WHO SHOULD TAKE THIS COURSE

This self-paced course is designed to introduce people working in mental health services to effective strategies, tools and examples of the PIH model of mental health care delivery.

WHAT ARE THE GOALS OF THIS COURSE

The primary goal of the course is to equip learners understand the key elements needed to deliver quality care for people with mental health conditions.

The content in this 5-hour asynchronous course will improve your ability to:

1. Describe the purpose and scope of the PIH Mental Health Value Chain and the nature of value it provides.
2. Describe key characteristics of seven elements of the PIH Mental Health Value Chain.
3. Recognize the value chain as an implementation framework through case examples from PIH care delivery sites.
